

Nursing is a practice discipline where hands-on experience is a key component of Nursing education. The Truman Nursing Department opened a Nursing lab in the Health Sciences Building in 2011 as well as a smaller lab in the Pershing Building in 2011. The technology available in these labs allows students to practice their skills – and make errors – in a safe atmosphere, preparing them for future experience with their patients. The simulation lab also allows students to gain experience in a variety of areas of Nursing.

As technology advances and the Truman Nursing program grows, updates to the labs will be critically important. **The Powelson and Tucker Nursing Lab Fund** was established by Tim Tucker and Stephanie Powelson to support the ongoing needs of maintaining and updating the Nursing Lab facilities and equipment.

Your support of the **Powelson Tucker Nursing Lab Fund** is a meaningful tribute to Dr. Powelson's career at Truman as well as an investment in the education of future Nursing students at Truman.

Your gift can be completed securely online at giveonline.truman.edu. You may also make a credit card gift by calling the Advancement Office 800-452-6678 weekdays, 8 a.m. and 5 p.m. or mailing your gift to the following address:

Truman State University | Advancement Office | McClain Hall 205
100 E. Normal Avenue | Kirksville, MO 63501-4221

Please be sure to indicate that your gift is to support the Powelson Tucker Nursing Lab Fund. Gifts to the Truman State University Foundation are tax deductible to the full extent of the law. Many companies also match charitable gifts made by employees. We encourage you to check with your employer or contact Truman's advancement office to learn if your gift amount may double through your employer's matching gifts program.
